About us

Gołab company is a Polish family business with many years of experience in manufacturing of beach, hotel and advertising Deckchairs.

The foundations of our company were laid in 1980s. Customer satisfaction has always been top priority for us, therefore we focus on high quality, functionality and visual attractiveness. We offer products made of aluminium, steel and wood. Our Deckchairs are designed to provide you with comfort and sense of luxury.

Our product assortment also includes director chairs, beach windscreens and mats.

We provide customised prints on our products to make them unique, visually attractive and, first and foremost, effective as an advertisement.

We hope that this catalogue with products we are so proud of will encourage you to start a cooperation with us.
